

Advancing Preconstruction & Estimating

Las Vegas, Nevada
May 4-7, 2020

Advancing Preconstruction & Estimating brings together contractors, clients and designers to discover best practices and tools for the entire preconstruction life-cycle from initial project planning through operations handover.

You'll benchmark your approach to estimating, design management, technology and forecasting across multiple education tracks, network with project partners and learn to forge more integrated preconstruction workflows.

Join us at North America's largest and greatest Preconstruction conference!
